Virtual Visits

A whole new way to see your provider.

With CHAS Health Virtual Visits, we are bringing healthcare directly to you! With virtual visits, you can have a secure appointment with a CHAS Health provider using your mobile device or computer, from anywhere. Virtual visits are an innovative approach to meet your healthcare needs in a way that is convenient and comfortable for you.

While we love it when you visit us in the office, we understand that it's not always convenient to do so. Virtual Visits allow you to receive the same quality care as you do in the clinic, without taking time off work or finding a sitter to see us.

Ask about it today!

What to expect after your appointment is scheduled.

1. Check Your Email and Text Messages

You will receive an appointment email from Chiron Health (support@chironhealth.com) a few minutes after your appointment is scheduled at CHAS Health, and again 30 minutes before the scheduled appointment time.

2. Set Up Your Account

Open the Chiron Health appointment email and click the Verify Account Now button, or click on the link that was sent to you in the Chiron Health appointment text message.

You will be taken to the Chiron Health website at patients.chironhealth.com and if on a mobile device, will be prompted to install Chiron Health software through your device's app store.

3. Join Your Provider

After creating your account using the steps above, log into CHAS Health Virtual Visits via Chiron Health.

On the Appointments page, click on the green Start Appointment button. This button will appear 15 minutes before your scheduled appointment time.
